

NCERT is running online course on SWAYAM portal for school level (class 11 & 12). Students and teachers can join these courses to do self-learning as an extra support other than their regular classes. The course contains e-tutorial which is delivered by subject experts and also a reading material for better understanding. For Teachers it gives an understanding about hot spots, news topics as well as a model method of teaching.

You can access all NCERT courses from this link.
